

Foundation2 Topics 2014/15

As in F1 the 3 prime areas of learning we concentrate on are:

Communication and Language: Listening and attention, Understanding and Speaking.

Physical Development: Moving and handling, Health and self-care and Personal

Social and Emotional Development: Self-confidence and Self-Awareness, Managing Feelings and Behaviour and Making Relationships

However, in F2 there is a bigger emphasis on Literacy, Mathematics, Understanding the World and Expressive Art and Design

Although aspects of all 17 Early Learning Goals are included in all of our topics, the ELGs in brackets are the main focus of each topic.
