The policy was approved:

Policy on Off-Site Visits

AIMS OF THE SCHOOL:

At St Mark's, Elm Tree Church of England Voluntary Aided Primary School we:

- Welcome everyone.
- Build Christian values and worship into our teaching.
- Establish strong links between home, school and community.
- Care for, encourage and respect each other.
- Support each other to stay safe, healthy and make a positive contribution to our world.

Our school is a place where every person has the right to be themselves and to belong and learn in a safe and happy environment. Everyone at our school is equal and treats each other with respect and kindness. We do not tolerate bullying.

1 Introduction

- 1.1 Off-site visits are activities arranged by or on behalf of the school, and which take place outside the school grounds. The governors and teaching staff believe that off-site activities can supplement and enrich the curriculum of the school by providing experiences which would otherwise be impossible. All off-site activities must serve an educational purpose, enhancing and enriching our children's learning experiences.
- 1.2 In this policy, we seek to establish a clear and coherent structure for the planning and evaluation of our off-site visits, and to ensure that any risks are managed and kept to a minimum, for the safety and health of all pupils at all times. Within these limits, we seek to make our visits available to all pupils, and wherever possible to make them accessible to those with disabilities. The visits usually take place within the school day.

2 Aims and objectives

- 2.1 The aims of our off-site visits are to:
- enhance curricular and recreational/sporting opportunities for our pupils;
 - provide a wider range of experiences for our pupils than could be provided on the school site alone;
 - promote the independence of our children as learners, and enable them to grow and develop in new learning environments.

3 Curriculum links

- 3.1 For each subject in the curriculum, there is a corresponding programme of activities (which includes visits to the school by specialists). All these activities are in line with guidance published by the LA. Each term we endeavour to arrange a visit or visitor which relates to the theme/topic the children are working on. These are to enhance the children's understanding of, and enthusiasm for, the topic. Parents/carers will be informed of these as early as possible.

4 Residential activities

- 4.1 Children in Year 5&6 have the opportunity to take part in a residential visit. This activity is in school time and linked to the National Curriculum.
- 4.2 The residential visit enables children to take part in outdoor and adventure activities as part of their PE work. We undertake this visit only with the written agreement of the LA. Qualified instructors are provided for all specialist activities that we undertake.

5 How visits may be authorised

5.1 The headteacher will appoint a party leader to be responsible for running the activity. This will normally be a teacher employed at the school.

5.2 The teacher will be involved in the planning and management of off-site visits under the recommendations of the head teacher.

S/he will:

- ensure that risk assessments are completed;
- support the headteacher and governing body in their decisions on approval;
- assign competent staff to lead and help with trips;
- organise related staff training;
- verify that all accompanying adults, including private car and coach drivers, have had satisfactory police checks;
- if coach drivers do not have the necessary police checks, this will be outlined on the risk assessment and the driver will not be left alone with the children.
- make sure that all necessary permissions and medical forms are obtained;
- keep records of visits, and ensure that there are regular generic assessments of the risks (e.g. road-crossing) where there are frequent visits to local venues (e.g. a swimming facility).

Staff arranging or otherwise involved in off-site activities must familiarise themselves with the regulations, advice and procedures published by the LA (and available from the school office). All off-site activities must take place in accordance with the LA's instructions.

5.3 Where staff are proposing to arrange an off-site activity, they must seek and obtain the approval of the headteacher before any commitment is made on behalf of the school. A comprehensive visit plan should be provided by the member of staff to allow for an informed decision to be made.

5.4 Where the activity involves a period of more than 24 hours, an overnight stay, or a journey by sea or air, the headteacher will seek the approval of the governing body and the LA before permitting the activity to take place.

5.5 It is our policy that all children should be able to participate in educational visits. Where a child with a disability is eligible for a trip, we will make every effort to ensure that s/he is included. We may seek guidance from parents or carers to help us to adapt our programme, and we will make any reasonable adjustments to our itinerary to include a child with disabilities. Any such adjustments will be included in the risk assessment.

6 Risk assessment

6.1 A comprehensive risk assessment is carried out by the teacher before the proposed visit. It will assess the risks which might be encountered on the visit, and will indicate measures to prevent or reduce them. The risk assessment should be based on the following considerations:

- What are the hazards?
- Who might be affected by them?
- What safety measures are needed to reduce risks to an acceptable level?
- Can the group leader put the safety measures in place?
- What steps will be taken in an emergency?

6.2 Staff planning an off-site activity should try to make a preliminary visit to the venue in order to carry out an on-site risk assessment, or obtain any risk assessment the venue has. It is important to take into account the probable weather conditions at the time of year proposed for the trip, and the teacher should take careful account of the facilities available, with due

regard to the proposed size of the group. S/he should also assess the site's suitability with regard to the age and any particular needs of the children. S/he will also consider the venue's own approach to security and to health and safety. Venues providing instructor-led activities will have their own risk assessments for particular sessions, and these assessments may be adopted if it is impractical for the group leader to experience the activity beforehand, or if s/he lacks the skills required to make informed judgements about the risks it may involve.

6.3 It is important to assess and record any health, safety or security issues that are identified during the preliminary visit. Any such issues will be taken into account when the final decision is taken on whether the visit should proceed, and the Risk Assessment must state both the extent of any risks involved, and the measures that will be taken to reduce or eliminate them.

6.4 An activity should normally have sufficient adults taking part to provide the following minimum ratios:

- 1 adult to between 10 and 15 pupils in Years 4 to 6;
- 1 adult to 6 pupils in Years 1 to 3;
- 1 adult to 3 pupils in Early Years.

Any trip will require a minimum of two adults. However, these are minimum requirements, and may not provide adequate supervision in all cases.

6.5 A risk assessment must also cover transport to and from the venue. The coach company we use on a regular basis ensures:

- the provision and required use of seat belts;
- proper vetting of the driver by the police;
- proper insurance for the driver;
- details of first aid and emergency equipment;
- breakdown procedures.

6.6 The group leader will double-check that paid adults helping to supervise the trip have been subject to police checks (see 5.2 above). All volunteers will complete the form given to them outlining their responsibilities and expected behaviour.

6.7 A copy of the completed risk assessment will be given to the headteacher, the governing body and all adults supervising the trip.

7 Transport

7.1 The costing of off-site activities should include any of the following that apply:

- transport;
- entrance fees;
- insurance;
- provision of any special resources or equipment;
- costs related to adult helpers;
- any refreshments that the school has opted to pay for.

7.2 Transport arrangements will allow a seat for each member of the party. It is our policy only to use coaches fitted with seat or lap belts, and to insist that they be worn by all those participating in the visit.

7.3 The use of private cars are avoided where possible, in the event a private car is used for transport, the head teacher is responsible for checking that the insurance of each driver covers such journeys, and double-checking that each driver has been subject to the normal police checks (see 5.2).

8 Communication with parents and carers

- 8.1 The parents/carers of children taking part in an off-site activity should be provided with all appropriate information about the intended visit. Parents or carers must give their permission in writing before a child can be involved in any off-site activities.
- 8.2 Funding for off-site activities is provided mainly by parental contributions (voluntary, except in the case of residential visits). This must be made clear to parents and carers in all correspondence about an educational visit at the planning stage.
- 8.3 No child may be excluded from an activity because of the unwillingness or inability of the parent to make a contribution. Parents and carers will be informed of this principle through the school prospectus and letters sent home about intended visits.
- 8.4 The timetable for the payment of contributions should allow for the headteacher to make a decision about the financial viability of the activity in reasonable time.
- 8.5 Where a child become sick or injured during a visit, the trip leader will contact school immediately and also the child emergency contact. If the injury is serious, the child will be taken to hospital by ambulance and the parents or emergency contact informed. The safety of the child and the rest of the group should remain paramount and all reasonable steps taken to ensure that all children remain safe.

9 Further health and safety considerations

- 9.1 All adults accompanying a party must be made aware, by the teacher, of the emergency procedures which will apply. Each adult should be provided with an emergency telephone number. This will normally be the school number, but where an activity extends beyond the normal school day, the home telephone number of a designated emergency contact should be provided (usually the head teacher).
- 9.2 Before a party leaves school, the school office should be provided with a list of everyone, children and adults, travelling with the party, together with a programme and timetable for the activity along with a contact telephone number for the teacher.
- 9.3 The safety of the party, and especially the children, is of paramount importance. During the activity, the teacher must take whatever steps are necessary to ensure that safety. This involves taking note of any information provided by medical questionnaire returns, and ensuring that children are both safe and well looked after at all times.
- 9.4 Prior to an activity, if it is felt that the behaviour of an individual child is likely to compromise the safety of others the teacher should discuss with the headteacher the steps that need to be taken.
- 9.5 More detailed guidance on procedures and requirements can be obtained from the LA's Off-Site & Hazardous Activities File held in the school office.

10 Group leaders' planning

- 10.1 Group leaders must read thoroughly the appropriate guidance for off-site activities:

- 'Health and Safety of Pupils on Educational Visits: A Good Practice Guide' (DCSF 1998) and its supplements:

'A Handbook for Group Leaders' (DCSF 2002)

'Group Safety at Water Margins' (DCSF 2002)

They must consult the LA's documentation detailing procedures and requirements, including guidance on Emergency Planning and Crisis Line organisation, and must draw up a Visit Plan which records in writing (including standard forms, where appropriate) the arrangements that have been made.

11 Visit Plan

11.1 The Visit Plan for intended educational visits must include the following:

- risk assessment;
- general information;
- names, ages, contact details, permission forms, medical records and other relevant details of all those going on the visit;
- travel schedule;
- accommodation plan (if applicable);
- full plan of activities;
- intended arrangements for supervision;
- insurance arrangements for all members of the group;
- emergency contacts and procedures;
- guidance for the emergency contact and headteacher;
- medical questionnaire returns;
- first-aid boxes.

12 Monitoring and review

12.1 This policy is monitored by the governing body and will be reviewed every two years, or before if necessary.
