

Year 3
Spring 1 2024

Maths

Children are learning about properties of 2D and 3D shapes. They will learn to make shapes using nets and they will then move on to time before learning to complete word problems using the four main operations.

English

This half term, children will be writing a letter of complaint using past tense and fronted adverbials. Children will finish the term writing a diary entry. The children will focus on using apostrophes for possession. In 3MW the children are finishing reading *Bunny vs Monkey* and in 3LM they are finishing *The Creakers*.

RE

In RE this half term, we will be looking at the Big Frieze and the Big Story of the Bible in Christianity. We will look at our unit of Salvation which looks in detail at the events leading up to Easter Sunday.

Science

Children will be learning about how to work scientifically. This means we will be looking at a range of experiments which will help the children to understand how science works in the real world.

Geography

Children will be learning about where and why the UK imports and exports food. We will then look at the patterns and features in rural and urban settlements in the UK.

Art

The children will be learning about Pop Art. They will be given the opportunity to create their own Pop Art piece and will research and learn about a range of famous artists.

PSHE/RSE

In PSHE, the children will be learning about why we should keep an active/ healthy lifestyle and the benefits that this will have on our bodies. In RSE we will be learning about how to keep relationships safe online.

P.E.

Children will be learning the skills needed to play tag rugby and tennis. In tag rugby, children will learn how to pass the ball, how to score a try and how to defend against the other team scoring tries. In tennis, we will look at hitting with a forehand and backhand moving on to getting it across a net.

Computing

In computing this half term, we will be looking at ways to stay safe online. We will also look at programming algorithms using Scratch which is a piece of software that introduces children to block coding.

Music

In Music, children will be learning to compose and improvise their own music using 5 notes with up to 4 bars. They will also learn about composers throughout history.
