

Year 6

Maths

This half term the children are going to be revising topics that they will need for their SATs tests. This will look different for different children,

English

This half term the children are going to be revising topics that they will need for their SATs tests. This will look different for different children,

RE

In RE we are going to be continuing to study Christianity and will look at the topic 'what kind of king is Jesus?'

Science

In Science this half term is all about evolution and inheritance. The children will continue to look at how we inherit different features and will look at human evolution.

History/Geography

History and Geography will be taught on alternate weeks this half term. In History we will be focussing on the Tudors. In Geography will be focusing on farms and factories.

Art/DT

Art and DT will be taught on alternate weeks this half term. Art will focus on textiles and William Morris. DT will focus on designing and building a tote bag.

RSHE

In RSHE we will look at health and wellbeing, specifically focusing on how we can keep healthy as we grow.

P.E.

Within PE the children are going to be learning the skills needed for quick cricket and dance.

Computing

In Computing the children are going to be learning about creating media using different programmes.

Music

In Music we are going to be learning how to listen to and appraise various musical styles.

MFL

In MFL the children are going to be learning about sports and how to write different sentences in French.
