

Year 4  
Summer 2025

### Maths

This half term, we will start by learning about the metric system and how to calculate equivalent values using the correct units. We will move onto area and perimeter before revisiting ordering, comparing, estimating and converting different amounts of money.

### English

In English this half term, we will start by learning about the features of a biography and writing our own about people we think are important. Then, we will revisit the features of a non-chronological report, focusing on the SPG techniques used to achieve the purpose of the text.

### RE

In RE, we will be revisiting our previous learning to ensure the ideas and beliefs are embedded. We will be doing this through creating a stained-glass windows project based on Bible stories.

### Science

This half term, we will continue our learning of rocks, focusing on different types of rocks and how they are formed. We will also learn about fossils and how they help us to learn about the past.

### Geography / History

This half term, we will be learning about Northern Italy. We will focus on the the human and physical features and how we would travel to Italy.

In History, we will be learning about Ancient Greece and significant figures from this time period.

### Art / DT

In Art, we will be learning about Ancient Egyptian death masks and designing and creating our own.

In DT, we will be designing, making and evaluating our cooking skills by making a pizza!

### RSHE

In RSHE we will be learning about puberty and how it can affect our bodies and emotions. We will discuss what these changes mean and learn that everyone goes through puberty.

### P.E.

In PE, we will be learning the rules and skills needed to play zone cricket. We will practice fielding and batting and utilise the skills we have acquired so far this year. We will also spend some time revisiting dance and practicing yoga, trying to incorporate different moves in our dances.

### Computing

This half term, we will be learning about photo editing and the different changes we can make to images. We will practice different techniques, including cropping, zooming, rotating and enhancing colour.

### Music

In Music, we will be listening to and appreciating Medieval and Renaissance music, and trying to recreate our own using recorders.
