

ARP Spring 2026

Maths

In maths this term we will all be working on similar themes but in groups to meet our individual learning needs.

Spring 1

Children will be learning time, to the minute, hour, digital and analogue.

Next children will be exploring money, making amounts, exchanging and giving change.

We will then explore statistics we will read, interpret and draw graphs.

Spring 2

In Spring 2 the children will be learning to measure length and perimeter in metres, cm and mm. We will then add and subtract length and calculate perimeter.

Then the children will begin to order and compare fractions and learn equivalent fractions.

Sensory

This Spring term in sensory we will explore all our senses.

We will complete a weekly baking session looking, smelling, touching and tasting different ingredients.

Children will also explore their senses making sensory smell pots, smelling play dough and through sensory messy play.

We are reading

This term we are reading

A selection of sci-fi adventure stories

English

In English this term we continue to work on the same theme and small groups to meet our individual learning needs.

Spring 1

As a class we are writing a recount about our Christmas holidays, focusing on the key features of a recount for the different learning stages.

Next we are going to write a non chronological report about an animal.

Then we are going to write a sci-fi story

Spring 2

Following our research and learning gained from writing a non chronological report, as a class we are going to write letter to David Attenborough to thank him for his work saving animals.

Then we are going to write a set of instructions to make a shelter for wild animals.

Trips, Special Events and Websites

In class we use songs and rhymes to support our learning and understanding. Here are a few links we use in class

Times table songs;

[8 times table song \(Sunflower by Post Malone\)](#)

[9 Times Table Song \(Shivers by Ed Sheeran\)](#)

SPAG songs;

[The Noun Phrase Song by MC Grammar - Educational Rap Songs for Kids](#)

[The Metaphor Song by MC Grammar - Educational Rap Songs for Kids](#)

Life skills

Spring 1 we will be focusing on;

Communication and Interaction

Key objective — Makes connections between actions and behavior of an adult, recalls information that relates to self, gives opinions about a topic or event, accepts others may agree or disagree with opinions, makes relevant comments in response to what they have heard

Spring 2 we will be focusing on;

Interest, routines and processing.

Key objectives — Accepts change in familiar situations, engages with preparation for transition to new settings, uses special interests to engage positively in activities and exchanges, engages with a range of activities unrelated to special interest, uses information available to make appropriate choices

Topic

Spring 1

Science - We will explore flight and gravity

DT- We are going to design and make a paper plane to fly

Art— We will make our own kites to fly.

Spring 2

Art - We will create posters to keep wild life safe

DT— We will design and create a habitat for local wildlife.

DT— We will make an animal out of clay
