

Year 6

Maths

This half term the children are going to be focussing on fractions, decimals and percentages, as well as algebra and ratio. After that we will be revising previously taught topics.

English

This half term the children are going to be writing a newspaper report and a non-chronological report. There will also be a focus on SPG this half term. In reading we will be exploring non-fiction and poetry texts and answering questions based on these.

RE

In RE we are going to look at the topic 'What would Jesus do' where we are going to explore Christianity.

Science

In Science this half term is all about electricity and will be identifying, classifying and grouping working and non-working circuits.

History/Geography

History and Geography will be taught on alternate weeks this half term. In History we will be focussing on WW2. In Geography will be focusing on coastlines and the coasts.

Art/DT

Art and DT will be taught on alternate weeks this half term. Art will focus on Andy Warhol and Banksy DT will focus on designing and building a mechanical fairground ride.

RSHE

In RSHE we are going to be looking at how to keep ourselves healthy both physically and mentally.

P.E.

Within PE the children are going to be learning the skills needed for racket games.

Computing

In Computing the children are going to be learning about programming and will be using the Scratch software to explore this.

Music

In Music we are going to be learning how to listen to and appraise various musical styles.

MFL

In MFL the children are going to be learning about clothes and how to describe them using colours.
