

Year 1

Maths

This term in Year 1, we are learning all about fractions. We are learning to find the whole, half and quarter and solve word problems surrounding this. We are also exploring measuring and comparing mass, capacity, volume, height and length.

English

This term in English we are going to be focussing on writing non-chronological reports which will include information texts about us and our school. We will then be focussing on writing stories. Within both of these text types we will be using past tense, first person and plural nouns. We will continue to have a focus on our handwriting and ensuring we always use capital letters, finger spaces and full stops.

RE

In RE this term we will be understanding What does it mean to belong to a faith community? This will explore identify within the community and within religion.

Science

In Science we are going to continue to extend our knowledge of materials and their properties. This will include investigating materials and their properties practically. We will then move on to extending our knowledge of animals and their habitats. We will deepen our understanding of why a particular animal lives in a particular habitat.

Geography

This term we will exploring seasons and their properties. We are looking at how to measure and record the weather. We will be comparing and contrasting why each season is different.

DT

This term we will be focussing on ingredients and food. We will explore what it means to have a balanced diet and why we need a balanced diet. We will then design, make and evaluate a healthy wrap for a picnic.

RSHE

Within PSHE we are going to be focussing on relationships and what is the same and different between us. We will begin to look at what makes us unique such as hair and eye colour. We will then begin to look at body parts including what is the same and different about boys and girls.

History

This term we will be comparing the past and present. We are looking at photography from the past and how photographs looked and what different holidays look like..

Art

This term we will be looking at art work by Wassily Kandinsky within this we will focus on the skill of sketching and painting. By the end of the term we will use tone to create a flower garden painting.

P.E.

In PE we will be carrying out the core tasks of dance and boundary line which links to the skills of cricket. Within dance we will be choreographing a dance to 'Imagine Dragons—Believer'. This will include working in small groups to practice and perform our dances to the class. Within boundary line we will develop our skills of batting a cricket bat and understanding simple rules of cricket. We will develop our combination and team work skills within this.

Computing

In Computing we are going to be learning how to use a keyboard and use digital printing.

Music

In Music, we will be learning to use a glockenspiel. We will use Charanga to support this.

Trips, Special Events and Websites

PSC practise

Extra practise videos for phonics screening check to be done at home.
