

Maths

Daily, the children will learn:
Subitising to 3
Finger numbers to 5
Ten town numbers to 3
Counting to 10
2D shape names and properties
Positional language
The days of the week
Other maths concepts will be taught through continuous provision and adult interactions.

Communication and Language

Children will also be learning to 'Fred Talk' and rhyme through Letters and Sounds games and activities. Children will learn to listen and respond to stories. Some children will take part in the Talk Boost programme. Children will begin to mark make and write their name.

**Nursery
Summer
2025**

Science

The children will learn about life cycles of animals, such as ducklings and butterflies and about how plants grow. They will also learn about mini beasts.

RE

The children will learn about the creation story and the story of Noah's Ark from the bible.

History

The children will learn about who belongs in their family trees.

Geography

The children will learn about the seasons.

Art

The children will experiment with different pattern making and threading activities.

DT

The children will be investigating wood tools and helping to improve our bug hotel.

PSED

The children will be supported with their development of managing themselves, self-regulation and building relationships throughout the daily routines and activities in nursery. We read stories that reflect the diverse community we 'live in' and which represent all the families and children we have in our school community.

P.E

Focus skills: running, throwing, skipping, jumping and dance.

Computing

They will learn to programme a bee bot to travel between plants.

Music

The children will learn how to sing songs for a performance by learning the nursery graduation songs.
