

Year 4
Summer 1 2026

English

In English, children will be recapping the spelling, punctuation and grammar skills they have learnt last year and as well as learning some new skills.

This half term, the children will be writing biographies and non-chronological reports about animals.

Maths

In Maths, the children will continue their education about how to tell the time using analogue clocks.

We will also be looking at length, height and how we use money in our world.

RE

This half term, we will be learning about Pentecost. We will be focussing on the significance of it for the Christian Faith and how the disciples will have felt during the time.

Science

In science, we are looking at the animal kingdom and how it can be classified into different groups.

Geography/ History

In geography, we will be learning about Northern Italy.

In history, we are looking at Anglo-Saxons and the rise of Mercia.

Art/D.T

In art, we will be learning about watercolour painting.

In D.T, we will be designing and creating a lighthouse, including circuitry.

PSHE/RSE

In PSHE we will be looking at the changes that our bodies can go through during puberty— focussing heavily on the emotional changes that we can go through and how to survive them.

P.E.

This half term, we will be completing an orienteering course and also work on our athletics course.

Computing

In computing, we will be learning how to edit images on different software, including the iPads and laptops.

Music

In music this half term we will be focusing on an online platform to create our own music pieces.
