The days of the week
Other maths concepts will be taught through continuous provision and adult interactions.

Communication and Language

Children will also be learning to 'Fred Talk' through listening and attention games and activities.
Children will learn to listen and respond to stories.
Some children will take part in the Talk Boost programme.
Children will begin to mark make and write their name.

Nursery
Autumn
2025

Science

The children will be learning about themselves and how they change as they grow. They will be learning about how the outside environment changes in autumn and about the differences between fruits and vegetables.

RE

The children will learn about why we celebrate Harvest and what it means to 'belong'. This will include talking about what it means to belong to a family and school.

History

The children will learn about how their family members changed as they grew up.

Geography

The children will learn about the changes to the environment during autumn

Art

The children will experiment with different fabrics and threading activities.

DT

The children will be investigating wood tools and helping to improve our bug hotel.

PSED

The children will be supported with their development of managing themselves, self-regulation and building relationships throughout the daily routines and activities in nursery.

P.E

We will be focusing on the skills of Negotiating space and obstacles safely and others as well as Running, Climbing, Balancing and Co-ordination.

Computing

They will learn how the use simple apps on the ipads safely.

Music

The children will learn familiar nursery rhymes. They will practise singing in time with one another and performing actions as they sing.

Enhancements and visitors

A visit from a baby.
Autumn objects treasure.
Messy Harvest stay and play. TBC
